Ostereierjagd bei GSC

Students barely picked up their Easter Egg baskets before they raced to find over 100 hidden Easter eggs. Each student searched for a golden egg for a special prize!

Frau Leah and Riley work together to build our VERY LARGE Easter puzzle.

Frau Kathrin races Alyssa in the Eierlauf.

Students colored Easter themed pages as well as some eggs. Carolyn shows off her beautiful egg design.

Frohe Ostern

GSC recently celebrated Ostern (Easter) with a joyful mix of traditional activities, hands-on learning, and springtime fun!

After our lessons, students went outside to take part in an Easter egg hunt, color eggs, and color and play games.

One of the highlights was an Eierlauf game, a traditional egg-and-spoon race where students carefully balanced an egg on a spoon while racing from one end to the other. The excitement was high—especially when Frau Kathrin and Frau Caley joined in on the game!

Students also worked together to build a large Easter puzzle, adding to the spirit of teamwork and celebration throughout the day.

It was a wonderful way to experience Ostern together—filled with laughter, creativity, and a meaningful connection to German springtime traditions.
